Sweet Gum.

When we consider the medical authority of the world recognizing our sweet gum to be the finest stimulating expectorant known, and that the proprietor of "Taylor's Cherokee Remedy of Sweet Gum and Mullen" has the formula of the Cherokee nation of incorporating the sweet gum with the tea of the mullein plant of the old fields—which many of our readers will remember our grandmothers making under the direction of the old family physician for croup, whooping cough and cold—it is no wonder that "Taylor's Cherokee Remedy of Sweet Gum and Mullen" is producing such effective cures in coughs, croup, whooping coughs and all bronchial affections.
